- 21st October 2021 – **St John's CPR Training**
- 18th -20th March 2022 -**District Conference**

CLUB NEWS

- **P.P. Pat -RIMERN**
- A big thanks to Beryl Lanny and Natasha and Bob and Elsa for their wonderful work at RIMERN. We now have a clean working space and a dozen packed boxes of kitchen essentials

- **Director ENVIRONMENT & SUSTAINIBILTY**
HEATHER HARRIS

- 1) At the September Board meeting it was decided that our club would contribute to the environment and health of the community in Tharaka, Kenya by donating the cost of 4 **Solvatten Solar Power Hot Water** units. The cost of one unit is \$US145 which is just on \$AUD 200. Another Rotary member will also donate the

cost of one unit, making a total of 5 units altogether. There may be other members who may wish to donate a unit cost.

Hot water is needed for cooking and washing and usually requires either wood or charcoal.

Solvatten is a solar device requiring no batteries, which can heat water to 75C in two hours - which meets WHO criteria for safe water - and is capable of providing 10 gallons of hot water per day per family.

This reduces the environmental impact of firewood use, consequent land degradation and is sustainable. Additionally it will reduce respiratory disease from polluted air and will reduce carbon pollution.

Each unit has a working life of 7 years and can be fully recycled after its working life is through. If 35,000 Rotary Clubs donated one unit, that would mean 35,000 families (**not individuals but families**) would have reliable access to safe hot water, save 1,800,000 trees and reduce carbon emission by 1 tonne per year per family!

Imagine the environmental and health impact of that!

I strongly recommend everyone accessing more information by going to the website <https://solarsafewater.org> where there is much useful information regarding this project.

September 2021 Newsletter

Click on the link below to download the PDF Newsletter.

Thank you all for your support and taking the time to read our Monthly Newsletter.

Thanks to all our new members (listed) and to those of you who were part of our record attendance for a Monthly Chapter Meeting to hear about the importance of keeping our rivers and waterways clean.

We look forward to helping support your Club and District to play its part in 2021

Thanks!!

In Term 3 across Australia, Eat Up adapted to support each state according to varying restrictions in place due to Covid-19.

In QLD, NT and WA, we have been fortunate to be able to continue some volunteer sessions and deliver lunches and/or sandwich ingredients to schools.

In response to lockdowns in both NSW and Victoria, we introduced a "Pantry Model" to support families in need, which provided the flexibility for families to select their preferred items. These deliveries provided a well rounded, healthy and nutritious selection of items and includes fruit, vegetables and donated items.

This new pantry style of delivery also gives schools and families the ability to select the items and amounts most suited to them, while being more cost effective which enables Eat Up to provide more.

We are thankful to the companies who donated items to us for NSW and Victoria including:

Good Food Partners - Messy Monkeys Rice Puff Bars
Sanitarium - Weet-Bix, So Good, Up & Go
OzHarvest - pizza dough and biscuits
Wonder White bread

Eat Up is grateful to all the companies and businesses who have supported us with donations and time, making it possible for us to support families in need around Australia.

In particular Eat Up would like to say thank-you to all the school staff who have supported their students and their families during lockdowns - it has been a collaborative and collective effort to ensure families are supported and Eat Up could not do it without help and support from schools.

DISTRICT NEWS:

District 9790 Rotarians can support from all over our District.
Moreland Rotary presents

LIFT THE LID WALK

FOR MENTAL HEALTH 2021

DATE

LOCATION

Sunday 10 October 2021

TATA STEEL WILL CONTINUE TO PAY MONTHLY SALARY TO THE FAMILY OF ALL EMPLOYEES WHO DIE DUE TO COVID-19

TATA STEEL
A Tata Group Company

TATA

*With you, a promise of
yesterday, today and tomorrow.*

Tata Steel stands together with a deep sense of loss at the sad demise of its beloved employees during this dreadful pandemic. For all the yesterdays they devoted to help create a beautiful tomorrow, Tata Steel's best-in-class social security schemes will help ensure an honourable standard of living for their families, whereby the family will get the last drawn salary till 60 years of age of the deceased employee/nominee along with medical benefits and housing facilities.

In addition to this, for all its frontline employees who as part of their job, met with an unfortunate death due to COVID-19, the Company bears all the expenses of their children's education till graduation in India.

The Company has always been a shield of steel, supporting its stakeholders at all times. This time is no different. Tata Steel family stands stoically with all its people, committed to their security and well-being.
